 Name: _____

Christmas Tree Color by Letter

Find the letter in each part. Color it with the crayon that has the same letter. Then color the tree trunk brown.

g = green **r = red** **y = yellow** **b = blue**

For grown-ups: why it works. Matching each letter to its crayon is letter recognition hidden inside a coloring page. Each color word starts with its letter (g for green, r for red), so your child hears first sounds too. The small ornaments and ribbons ask for slow, careful coloring: the same control a pencil needs.
