Name: _____

How to Draw a Snowman

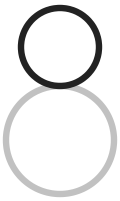

Follow the steps: each picture adds one new part (the dark lines). Then draw your own snowman in the big box!

1

Draw a big circle.

2

Draw a smaller circle on top.

3

Draw a little circle for the head.

4

Add a hat.

5

Draw eyes and a carrot nose.

6

Add stick arms and buttons.

Your turn! Draw your snowman here.

Then color it in!

💡 **For grown-ups: why it works.** Directed drawing breaks a picture into simple shapes, one step at a time. Children practice looking closely, following directions in order and controlling circles, lines and curves, the same shapes that make letters. Every drawing will look different, and that is the fun part!
