 Name: _____

Playdough Pizza

Roll 10 little balls of playdough for pepperoni. Squish one on each circle and count: 1, 2, 3 … 10! (Slide the page into a plastic sleeve to keep it clean.)

For grown-ups: why it works. Rolling small balls between the palms, then squishing with one finger, strengthens the hand and the pointer finger used for pencil grip. Counting each pepperoni as it lands is one-to-one counting.
