 Name: _____

Snowman Color by Letter

Find the letter in each part of the picture. Color it with the crayon that has the same letter. Leave the snowman's body white like snow!

b = blue **r = red** **o = orange** **g = green**

For grown-ups: why it works. Matching each letter to its crayon is letter recognition hidden inside a coloring page, and each color word starts with its letter (b for blue, g for green), so children hear first sounds too. The small hat band and nose ask for slow, careful coloring: the same control a pencil needs.
